

State: Missouri

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

CATEGORICAL DETERMINATIONS

The state makes a categorical determination that nursing facility level of services are needed for terminally ill and for those with a serious physical illness. A Level II evaluation is performed following admission to determine need for specialized services.

The state makes a categorical determination that individuals with dementia in combination with mental retardation are appropriate for nursing facility placement.

The state makes a categorical determination that nursing facility level of services are needed for individuals whose caregivers request respite care for no longer than thirty days. If stay extends beyond thirty days, a Level II evaluation is performed to determine need for specialized services.

The state makes a categorical determination for emergency provisional admissions that nursing facility services are needed for a period not to exceed seven days. If stay extends beyond seven days, a Level II evaluation is performed to determine need for specialized services.

State Plan TN# 93-21
Supersedes TN# New Material
